| 04 July - | International Food Fair |

Eye Screenings

Our primary and lower secondary students recently had the opportunity to take part in eye screenings conducted at the school. These screenings help identify any vision concerns that may affect learning, concentration, and overall classroom participation. Early detection is an important step in ensuring that learners receive the support they need to thrive academically and confidently in their daily activities.

A sincere thank you to SpecSavers Walvis Bay for generously providing these services, free of charge to our students.

Academic Prize Giving

A night filled with academic prestige.

For the first time in ISWB history we had three DUX scholars. Due to their hardwork and excellent results, a decision was made to award the DUX scholar for each level:

IGCSE - Patrick Lettenbauer

AS Level - Teniell Sowden

A Level - Marcela Riobo

Principal's Award: Amia Fernandes

The Spirit of Sport

Sports Awards

Mart-Mari Allen Award - Shekinah Groeneveld

Sports Woman & Junior Sports Woman - Chayanna de Gouveia

Sports Man & Senior Sports Man - Paulus Makemba

Trash To Fashion 2026

The second annual Trash to Fashion Show was a spectacular celebration of creativity, sustainability, and student innovation. Proudly sponsored by Walvis Bay Diving, the event once again transformed everyday waste into extraordinary works of wearable art.

Students wowed the audience with imaginative designs crafted from recycled and repurposed materials, proving that fashion can be both stylish and environmentally conscious. From bold, avant-garde pieces to playful and practical outfits, each creation told a unique story of ingenuity and care for our planet.

Beyond the runway, the event highlighted the importance of reducing waste and rethinking how we use resources. It was inspiring to see our students embrace sustainability while showcasing their confidence and talent.

A heartfelt thank you to Walvis Bay Diving for their generous support in making this event possible. The Trash to Fashion Show continues to grow each year, and we look forward to even more creativity and innovation in the future.

A single cotton t-shirt can require around 2,700 liters of water to produce—roughly what one person drinks over 2.5 years.

The fast fashion industry is responsible for about 10% of global carbon emissions, which is more than all international flights and maritime shipping combined.

Stay-Awake

Lights off, energy on!

Our high school Stay-Awake was a night filled with laughter, games and unforgettable moments. From late-night challenges to early morning smiles, our students showed true spirit, resilience and a whole lot of fun!

Mr Dusk & Miss Dawn

Miss Dawn - Kate Bosman
Mr Dusk - Degan Van Loggenberg

Runner Up Dawn - Taina Angela
Runner Up Dusk - Christian Klazen

“If yawning were a sport, I’d still be too tired to compete”
