

About Us

The International School of Walvis Bay (ISWB) is an equal opportunity employer and is a forward-thinking educational institution committed to delivering excellence in teaching, learning, and holistic student development. We are seeking an experienced and dynamic **Key Stage 3 Science Teacher** to teach General Science (Biology, Chemistry, and Physics) & Mathematics to students in Years 7–8, following the Cambridge Lower Secondary Science curriculum.

Subjects: Science (Biology, Chemistry and Physics) & Mathematics

Additional Roles: Sports, athletics

Location: The International School of Walvis Bay

Key Responsibilities

- Deliver engaging and differentiated lessons to Key Stage 3 students.
- Plan and assess in line with the Cambridge curriculum framework.
- Foster a stimulating learning environment that encourages inquiry and critical thinking.
- Use a variety of teaching methods to cater to diverse learning needs.
- Work collaboratively with colleagues to support student progress and wellbeing.
- Participate in school events, meetings, and continuous professional development.

Requirements

- A recognised Bachelor of Education degree, with Science as major (Secondary Phase).
- Alternatively, A degree in Science or a related field with a teaching qualification.
- Minimum of 2 years' teaching experience, preferably in a Cambridge or international school setting.
- Strong classroom management and communication skills.
- Passion for Science education and STEM background (Science, Technology, Engineering, or Mathematics) required.
- Experience with the Cambridge International Curriculum is a strong advantage.
- Excellent command of both spoken and written English.
- Professional commitment to academic excellence and learner development.

How to Apply

Interested candidates are invited to submit a detailed CV and a cover letter outlining their suitability for the role to vacancies@iswb.na by not later than 31 January 2026. Only short-listed candidates will be contacted, please note no applications will be returned. Candidates may undergo psychometric assessments.
